

## REMARKS

The present Preliminary Amendment is submitted to replace the title used in the International Application, delete the multiple dependencies of claims 9-10, and to delete the reference numerals in the original claims, thereby placing such claims in condition for examination and reducing the required PTO filing fee.

Further, the specification has been amended on pages 47, 48, 52 and 65 in order to correct minor errors in the English translation of the Japanese specification.

Respectfully submitted,

Kazunobu SAKAI
